POLICY STATEMENT

This policy serves to set forth the policy for members of the National University of Health Services (NUHS) Alumni Association to obtain discounts on courses taken through the Postgraduate Division.

Persons are eligible for a discount if they are graduates of NUHS or one of the schools that has officially joined with NUHS, or NUHS has assumed responsibility for its records. That person must also be a paid-up member of the NUHS Alumni Association for the current year.

The specific level of discount for each course will be determined by NUHS and may change from time to time.
